

ICE™ WAX WORKOUT

TURTLE WAX ICE RANGE

1. Ice Total Interior Care, 500ml - £8.99*

This product can be used to clean, condition and protect almost every surface in a car's interior. The spray will remove dust, fingerprints and stains from carpets, upholstery and plastic without leaving an artificial shine and smears.

2. Ice Synthetic Liquid Wax, 500ml - £12.99*

The Liquid Wax can be used on all external surfaces of a car and provides an unbeatable shine for all paint types and metallic finishes. Unlike some traditional car waxes it will not leave behind any unsightly residue. The kit includes 500ml of Liquid Wax, Ice applicator and microfibre cloth.

3. Ice Wheel Clean, 750ml - £10.99*

Brake dust, road grime, dirt and oil can quickly take their toll on wheels and tyres, especially alloys, dulling their appearance. The specially designed brush will work its way into the tightest areas to cut through the dirt, restoring wheels to showroom condition in minutes.

4. Ice Shampoo, 500ml - £7.99*

The new and improved formula is a quick and easy solution that repels water which allows the car to dry quickly with a high shine finish.

5. Ice Paste Kit, 227g - £19.99*

Ice Paste is a high performance product, providing a long lasting high gloss shine and protection against colour fading UV rays. The kit includes Ice Paste, an applicator and a microfibre towel for polishing.

6. Ice Liquid Claybar, 500ml - £14.99

Turtle Wax has taken claybar technology a step forward with ICE Liquid Claybar.

ICE Liquid Claybar will thoroughly deep clean the surfaces being prepared before a wash, removing old wax, bugs and tree sap and swirl marks to leave a flawless finish for the application of ICE Synthetic Polish.
